

Let's go on a turtle hunt!

Have an adult print this page and help you cut the turtles apart. Hide the turtles all around your house by taping them on the walls or tucking them under things. If you want to have even more fun, you could build a "kayak" from a cardboard box or a laundry basket, use a broom for a paddle, and paddle around your house! Can you find all 8 turtles? Hide them again and again.
